**(100) Service Quality Improvement Reporting
Data Collection Form**

FCC Form 481
OMB Control No. 3060-0986/OMB Control No. 3060-0819
July 2013

<010>	Study Area Code	150084
<015>	Study Area Name	TACONIC TEL CORP
<020>	Program Year	2015
<030>	Contact Name - Person USAC should contact regarding this data	Bardaza Galardo
<035>	Contact Telephone Number - Number of person identified in data line <030>	2075354126 ext.
<039>	Contact Email Address - Email Address of person identified in data line <030>	bgalardo@calipointe.com
<110>	Has your company received its ETC certification from the FCC?	(yes / no) <input type="radio"/> (yes) <input checked="" type="radio"/> (no) <input type="radio"/>
<111>	If your answer to line <110> is yes, do you have an existing §54.202(a) "5 year plan" filed with the FCC?	(yes / no) <input type="radio"/> (yes) <input type="radio"/> (no) <input type="radio"/>

If your answer to line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

<112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

112 Service Quality Improvement Reporting.pdf

Name of Attached Document

Please check these boxes below to confirm that the attached document(s), on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
- <114> Report how much universal service (USF) support was received
- <115> How (USF) was used to improve service quality
- <116> How (USF) was used to improve service coverage
- <117> How (USF) was used to improve service capacity
- <118> Provide an explanation of network improvement targets not met in the prior calendar year.

FCC Form 481

Line 100- Service Quality Improvement Reporting
{47 CFR 54.313(a)(1)}

In the FCC's Public Notice DA 14-951, released May 1, 2014, the FCC waived the requirement for price cap ETCs to file a five-year plan.¹

¹ The Public Notice stated, in relevant part:

We now grant a waiver of this requirement for price cap ETCs for an additional year. Because the Bureau just finalized the Connect America Cost Model, and price cap carriers have not yet had the opportunity to make a state-level commitment for Connect America Phase II, we find that it is not in the public interest to require price cap ETCs to file new five-year plans in 2014 for the same reason as last year: they do not yet know which areas they will be serving in the future.

Taconic Telephone Corp.
New York
150084

Line 510: Service Quality Reporting/Consumer Protection Rules Compliance

Taconic Telephone Corp., hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company complies with service quality and consumer protection provisions under state law. These provisions include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The New York Public Service Commission which discloses rates, terms and conditions of service to customers; (2) compliance with state consumer protection provisions relating to Customer Services as identified in the Code of State Regulations, compliance with provisions for Quality of Service as identified in the Code of State Regulations, compliance with Service Objectives as identified in the Code of State Regulations, compliance with customer Inquiry procedure as identified in the Code of State Regulations, compliance with Dispute standards as identified in the Code of State Regulations; (3) compliance with truth-in-billing requirements; and (4) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."² The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis. In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."³

Berkshire Telephone Corporation d/b/a FairPoint Communications, Chautauqua & Erie Telephone Corporation d/b/a FairPoint Communications, and Taconic Telephone Corporation d/b/a FairPoint Communications, are all under Service Quality Reporting under 603.4 (Reporting Requirements). The rule states that Service Providers with 500,000 or fewer access lines in service shall only report on Customer Trouble Report Rate. Each of the above New York companies report monthly on the Customer Trouble Report Rate (CTRR). The rule goes on to state that for Customer Trouble Report Rate, a service provider shall automatically submit to the Commission staff a Service Inquiry Report whenever an individual central office entity experiences 5.5 reports per 100 lines or greater for the current month and any two of the previous four months. The FairPoint New York Companies are below the report rate, and therefore, no Service Inquiry Reports are necessary.

If a customer has a concern about their FairPoint Communications' service or billing, he/she can contact repair service, technical support or customer service with information found on their statement. Customers may also contact agencies, through information posted in the phone directory, website, and tariff pages. All consumer complaints whether from Attorney Generals' offices, Public Utility Commissions, Better Business Bureaus, Federal Communications Commission and all other agencies are sent to the FairPoint Communications' Maine office via U.S. Mail or by electronic mail at consumer@fairpoint.com. The complaints are directed to the appropriate responsible Company Team member within FairPoint Communications for resolution and response to the customer.

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

Form 481 Line 610: Functionality in Emergency Situations

Business Continuity Plan Overview

Introduction

FairPoint Communications, Inc. ("FairPoint") is committed to maintaining a vigilant state of disaster preparedness for the interests of our customers, stockholders, employees and other critical stakeholders.

The purpose of our Business Continuity Plan (BCP) is to define the disaster preparedness and recovery protocols and procedures required to restore FairPoint's critical business support functions, inside and outside plant systems and operations within FairPoint's operating footprint.

BCP components detail FairPoint's procedures for preparing for and responding to an emergency situation affecting our ability to deliver core services to our customers and our ability to meet legal dictates, and regulatory requirements.

This document discusses the following:

- BCP Scope & Structure
- Recovery Strategies and Logistics
- Plan Maintenance and Exercising

BCP Scope

FairPoint's business continuity response planning is concentrated on two critical operational areas:

- Customer Interfacing – It is recognized that a "business impact" only occurs when an *external-interfacing* element is disrupted. In essence, this means that if FairPoint experiences a disruptive event, but one that does not breach the outer-shell of the FairPoint operation and interrupt critical customer services, customer product or other external end-user, then it does not have a business impact, as defined by the BCP
- Infrastructure Integrity – Without critical infrastructure systems, the ability for all other FairPoint business operations (back/front office) can come to a halt. It is these infrastructure systems that provide the critical human-factor of our customer-interfacing services. Critical infrastructure would address such services / systems as, building space for staff, service utilities, telecom network, IT network, etc.

The BCP has been developed to assure the continuity of critical customer interfacing services and systems should a physical incident or workforce disruption event occur, which affects:

- IT/IS
- Administrative and Support Operations
- Inside and Outside Plant Operations
- NOC (Network Operations Center)
- E-9-1-1
- Dispatch
- Repair Center

FairPoint has developed response / recovery strategies addressing physically disruptive incidents and workforce related disruptive incidents (i.e., work-stoppage and pandemic). All response strategies are based on recovery time objectives of those department functions and critical infrastructure systems essential to sustain customer interfacing services.

FairPoint Communications

1 Davis Farm Road
Portland, ME 04103

Bamey Boynton
Director, Operational Risk

BCP Structure

The BCP consists of several components:

- The BCP Manual (an overview of all BCP documents)
- IR Playbooks (addresses the response procedures for Physical and Workforce related events),
- Appendices (the IR Playbook procedures links to these Resources Files)
- Department Recovery Plans (Business and Plant Operations)
- Business Impact Assessments (Business and Plant Operations)

The Event Response diagram below identifies the overall BCP documentation and how a disruption or incident will dictate which path of the BCP will be followed to restore business operations.

Once the incident or disruption occurs, the impact first needs to be quickly assessed to determine whether it is a physically disruptive event (local or regional) ("Physically Disruptive Event") or a workforce disruptive event (work-stoppage or pandemic) ("Work-Force Related Disruptive Event"). The disruption is always focused on critical business operations and services that can impact customer interfacing / deliverables.

EVENT RESPONSE

DRPlan
Documentation

Recovery Strategies and Logistics

Our BCP is based on the premise that FairPoint cannot stop disasters from occurring, but we can address the IMPACT of incidents should they occur. Where possible we will provide risk mitigation measures that will minimize the likelihood of having a serious disruptive incident but in no case can we eliminate all disruptive possibilities. The BCP is triggered by a Disruption Scenario, not a Threat Scenario. FairPoint pre-plans for potential break-points that can result in a customer interfacing disruption and incorporates recovery strategies that will inherently address any potential threat and any resulting business disruption impact. The actual threat (i.e. fire, flood, etc.) is pertinent only with respect to immediate response activities. All subsequent response efforts are focused on the assessment of damages (physical losses and recovery duration) and the implementation of restoration and recovery strategies. The restoration of the business servicing operations and infrastructure systems is based on salvage, replacement of systems and alternate functionality measures, which are pre-defined in the BCP.

Each department has developed a recovery plan based on its critical operations as they pertain to the deliverables they contribute to our customers. FairPoint has triaged the recovery efforts based on the concept of customer servicing impact. Federal and State regulatory requirements have a high level of consideration in

FairPoint Communications

1 Davis Farm Road
Portland, ME 04103

Barney Boynton
Director, Operational Risk

addition to the business impact concerns. The BCP goal is to minimize the disruption duration as much as is practical and provide a level of risk mitigation that will maintain critical operations.

The Ten Response Phases of Physical Event are:

- Incident Notification
- Visual Damage Assessment
- Incident Stabilization
- Command Center Initiation
- Initial Notifications to Business Departments – to activate plans
- Primary Site Damage Assessments
- Ready Alternate Restoration Sites
- Primary Site Salvage & Recovery
- Business Restoration Process
- Primary Site Re-established

Plan Maintenance and Exercising

The BCP is a living document. Updates to the plan are ongoing with changes incorporated annually at a minimum. Individual plan components are scenario tested with oversight from FairPoint's Corporate Risk Management Team.

FCC FORM 481

Line 1010 –Voice Service Rate Comparability

The pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice, FCC DA14-384 released on March 20, 2014.

For Rates See Attachment: (700) Company Price Offerings (voice)

Form 481 Line 1210- Terms & Conditions for Lifeline Customers

Taconic Telephone Corp ("Taconic") provides a Lifeline Program discount for residence service for eligible low income customers. The Lifeline Program discount is applied to any month to month residence local service, package or bundle offering. The discount is intended to offset the Subscriber Line Charge and local line charge, although eligible packages and bundles may have toll calling included in the pricing for the offering.

The tariff pages outlining the terms of the Lifeline offering in Taconic Telephone Corp. in New York, including the pages of the New York Telecommunications Association, Inc. Tariff P.S.C. No. 2 with which Taconic concurs, are attached. The terms and conditions of residential local service can be found at <http://www.tariffs.net/fairpoint/tier.asp?cid=1644>

SPECIAL EQUIPMENT, SERVICES, AND PROGRAMS

A. LIFELINE TELEPHONE SERVICE

1. Lifeline Telephone Service Options

a. Description

1. Lifeline Discounted Service

This service provides a flat rate federal discount of \$9.25, consisting of a \$6.50 reduction of the Federal Subscriber Line Charge and a \$2.75 reduction in the monthly rate for local exchange telephone service for residential customers. Qualified customers may choose any type or grade of local telephone service, including bundled services that are normally offered by the Company. (C)

1 A. Additional Lifeline Discount

This service provides the discount as outlined in A.1.a.1 above and may provide an additional discount equal to the serving company's increase in residential basic local exchange service, as authorized by the NYS Department of Public Service in Case No. 07-C-0349, released March 4, 2008, whereby the NY Commission authorized certain companies to increase basic local service rates up to \$2.00 per year for 2 years. The discount can be found on Addendum 1 of the individual Company tariff for those companies offering the Additional Lifeline Discount.

A. LIFELINE TELEPHONE SERVICE (cont'd)

1. Lifeline Telephone Service Options (cont'd)

b. General

Qualified customers may choose to apply the federal Lifeline credit to any of the company's local service offerings, including any local bundled service offering, basic local service, or message rate service. Message rate Lifeline service is available only where central office facilities permit. For connection of new service, service connection charges apply unless the customer qualifies for connection assistance under the Tribal Lands Link Up program.

+

Service connection charges do not apply to change existing service from:

(C)

1. Message or flat rate services to Lifeline service.
2. Lifeline service to non-Lifeline services.

2. Regulations (cont'd)

b. The Lifeline discount is effective upon receipt of a completed form of eligibility. If the form is not returned, no further action is taken by the Company to establish eligibility. +

c. The Company, in coordination with appropriate agencies and the Lifeline Customer, will require Lifeline customers to be re-certified, on an annual basis. Lifeline customers will need to certify that they continue to be eligible to receive these Lifeline benefits and that they are not receiving benefits from another company. If a customer is identified as being ineligible, the customer will be notified that unless the information is shown to be in error, the Lifeline discount will be discontinued. The customer will be billed for discounts received for the time that they were proven to be ineligible for the service. (C)

3. Locality Charge Waiver +
Customers receiving Lifeline Telephone Service will have applicable locality charges waived each month while they are receiving the Lifeline Assistance.

4. Voluntary Toll Blocking (Restriction)
Customers receiving Lifeline service can voluntarily request and receive toll blocking (call restriction), third number billing/collect call restriction without a monthly charge. There will be no record order charge to add these types of restrictions (blocking).

Form 481 Line 1210- Terms & Conditions for Lifeline Customers

Taconic Telephone Corp provides a Lifeline Program discount for residence service for eligible low income customers. The Lifeline Program discount is applied to any month to month residence local service, package or bundle offering. The discount is intended to offset the Subscriber Line Charge and local line charge, although eligible packages and bundles may have toll calling included in the pricing for the offering.

The tariff pages outlining the terms of the Lifeline offering in Taconic Telephone Corp. in Massachusetts are attached. The terms and conditions of residential local service can be found at <http://www.tariffs.net/fairpoint/tler.asp?cld=1644>

LOCAL GENERAL SCHEDULE

SECTION 3 - RATE TABLES AND THEIR APPLICATION, (CONT'D.)

3.15 Lifeline Service

3.15.1 General

A monthly discount for local telephone service is available to qualified low income residential customers. Only one such discount is available to any qualified residence household. For this offering, a household is defined as any individual or group of individuals who are living together at the same address as one economic unit.

This reduction may be applied to the monthly rate of the following residential services:

Individual Access Line Service
2-Party Access Line Service
4-Party Access Line Service

To qualify for Lifeline service, a customer must either be a recipient of benefits from any one of the following programs:

Medicaid or MassHealth
Supplemental Security Income (SSI)
Supplemental Nutrition Assistance Program (SNAP) (f/k/a Food Stamps) (T)
Emergency Aid to the Elderly, Disabled and Children (EAEDC)
Federal Public Housing Assistance*
Low Income Home Energy Assistance Program (LIHEAP)
National School Lunch Program (free meals program only)*
Temporary Assistance for Needy Families (TANF)*
Transitional Aid to Families with Dependent Children (TAFDC)

*Qualifying participation in these programs or income levels is effective June 1, 2012.

Or beginning June 1, 2012, must have a household income at or below 135% of the Federal Poverty Guidelines.

Applicants must provide proof of eligibility. The Company will make annual verification of the customer's eligibility status. If after verification, a customer is identified as being ineligible, the customer will be notified that unless the information is shown to be in error, the Lifeline discount will be discontinued. The customer will be billed for discounts received for the time that they were proved to be ineligible for the service.
